Sluis' Standard Seeds for 1910

In presenting our Annual Seed Catalogue we wish to thank our many patrons of last year for the confidence they have bestowed upon us, and assure them that we will do as heretofore, our utmost to have our seeds of the highest quality obtainable.

We added this year some new varieties, which have proven to be of excellent value for the market. The up-to-date Market Gardener has to look for those new varieties which might be an improvement over the older ones, either in earliness or in better shape and quality of the fruits. It will, therefore, be our aim to introduce those varieties which have proven to be of real value for the market as soon as practically possible.

Our seeds have been grown in such localities as are best suited for their proper development and no money has been spared to improve the different strains. We have been guided in the first place by quality in making prices and our motto is: "THE BEST IS THE CHEAPEST"—that is, we aim to sell the highest quality of seeds for the lowest possible price.

Instructions for Customers Who Order by Mail

We fill orders from all parts of the country.

Orders from unknown correspondents, without remittance, should be accompanied by Chicago references to save delay.

If goods are wanted to be sent C. O. D., 25 per cent of the amount must accompany the order.

Full shipping instructions should be added to each order.

We do not charge for cartage, bags, boxes or packing, but all Express or Freight charges have to be paid by the buyer.

Half bushels are sold at bushel prices and half pounds at pound prices.

Our Market Store 112 N. Halsted Street

Last spring we opened a store near the Market (Half a block South), which has been found very convenient to those of our customers, who go regularly to the market during the summertime. We carry there a complete line of Seeds, Garden Tools, Etc., and invite every gardener living north or northwest of our city to make this store his trading point for Seeds, Etc.

Tomato No. 587

No. 587

Many favorable reports about this new variety, which originated with one of the largest Market Gardeners induced us to introduce it this year. We strongly recommend to give it a trial. It is 14 days earlier than the Beauty and of a still better color. It produces large sized, very smooth Tomatoes of a deep purplish-red color.

SLUIS'

Superior Fertilizers

BONE FERTILIZERS decompose slowly in the soil and therefore form excellent permanent improvement, and are less likely than any other fertilizer to waste. With bone there is no danger of burning the plants. Excellent for trucking, garden or general crops. The following are highest grades of bone and also Commercial Fertilizers, no rock phosphate being used or advised.

Old Abe Trucker's Choice

A safe, clean and high grade fertilizer, a wonderful invigorator, a mixture of bone, blood and meat and potash, which makes it a soluble and available fertilizer for corn, potatoes, vegetables and a land builder and large crop producer.

Price, f. o. b. Chicago.

Per 125 lbs., \$1.80. Per 500 lbs., \$8.75.
Per ton 2000 lbs., \$26.00.

Old Abe Universal Wheat, Corn and Oats

It will increase the yield and give earlier maturity without rank growth of straw or stalk. This brand is a lasting fertilizer for rotating crops. Produces quick, sure growth in the early stages. Carries the crops through the danger period to a quick development, and through to maturity.

Price, f. o. b. Chicago.

Per 125 lbs., \$1.70. Per 500 lbs., \$6.50.
Per ton 2000 lbs., \$24.00.

Directions for Use

While best suited for sandy loam or black loam soils, these fertilizers are good for most any well drained, overworked land.

Grain crops require 125 to 250 lbs. per acre.

Onions require 400 to 700 lbs. per acre.

Potatoes require 700 to 1000 lbs. per acre.

Cabbage and truck crops require 700 to 1000 lbs. per acre.

Our fertilizers may be sown through planters or broadcast.
